

# Kennedy Krieger Festival of Trees

*Your tree is being used to decorate the Kennedy Krieger Hospital. I am not exactly sure of its exact location at this time, but It is either in our 707 or 801 Broadway building. All of the stuffed animals that were with your tree are going to be used as gifts for some of our patients who are unfortunately going to have to spend Christmas in the hospital.*

*This was a great tree for the children and, because of all the accessories that went with it, we are able to touch many more lives than with some of our other trees.*

*Thank you so much for all of your time and effort. It really means a great deal to the Kennedy Krieger Community to know we have such great support from our local community.*

*Happy Holidays!*

Linsay Caldwell  
Coordinator of Special Events  
Kennedy Krieger Institute

*Dogs Finding Dogs wishes to thank all our clients and staff for helping make this tree possible.*
